Dear Ms. Shafer:

The Department of Homeland Security (Department) is in receipt of your December 17, 2015 request for a joint motion to reopen [REDACTED] removal proceedings. The Department, after careful and thorough review of the administrative file and your request for a joint motion to reopen, **consents to joining in the motion to reopen** [REDACTED] removal proceedings for the SOLE purpose of termination, without prejudice, to pursue adjustment of status before the United States Citizenship and Immigration Services based on an approved Petition for Alien Relative (Form I-130) from her United States citizen husband. It is the Department's understanding that you will be submitting the same motion to reopen with the Immigration Court. Please file your motion with the Immigration Court within **40 DAYS**, along with this letter to demonstrate that DHS joins in this motion to reopen. Thank you for your cooperation in this matter.

Very truly yours,
[REDACTED]
